**Completion time:** 3-7 working days for 1,000 Barcodes. Completion time is determined by the pricing plan selected, with the detailed pricing plan taking up to 7 working days. However, the printing task can be completed before the stated time

**Discounted Prices:** We offer discount prices based on the number of barcodes issued. Discounts of 10% will be offered for customers who will have between 500 and 1499 units printed. A Discount of 20% will be offered for 1,500 – 2999 Units. A final discount of 30% will be offered for 3,000 units or more.

**Stock Handling, Arrangement and Counting:** The client and their personnel are responsible for handling, arrangement and counting of the stock to be coded with Barcode numbers.

However, if the client lacks sufficient personnel to arrange and count their stock, an additional fee will be charged for stock arrangement and counting services (5% of the value of each item for breakable items, 1% for non-breakable items).

**Stock Registration using the Inventory Portal:** The client and their personnel will be responsible for registering the details of their stock into the Inventory portal.

However if the client lacks sufficient personnel to register the stock details, an additional fee will be charged for stock registration (50 Ngwee per unit).

**Bookings:** To book, you can write us a message and send it to [request@tamanga.nkwazitech.com](mailto:request@tamanga.nkwazitech.com) or you can contact the numbers [+260776292206](tel:+260776292206) and [+260766793699](tel:+260766793699)
